

Conference Pricing

The Unmanned Systems Canada conference is a 3-day event that brings together experts in the field of unmanned systems. The event is structured with focused workshops and daily plenary sessions, followed by concurrent afternoon breakouts. The conference is a network-focused event that includes meals and social functions.

Registration for Members of Unmanned Systems Canada is available at the following rates:

	<i>Early Bird</i>	<i>After Sep 28</i>
<i>Industry</i>	\$1,200	\$1,400
<i>Government</i>	\$1,050	\$1,250
<i>Military</i>	\$1,050	\$1,250
<i>Academic</i>	\$700	\$800
<i>Student</i>	\$550	\$550

Registration for Non Members

<i>Industry</i>	\$1,400	\$1,600
<i>Government</i>	\$1,250	\$1,400
<i>Military</i>	\$1,250	\$1,400
<i>Academic</i>	\$800	\$900
<i>Student</i>	\$550	\$550

Non-Member Registration includes a one year Individual Membership in Unmanned Systems Canada.

Speakers

A reduced speaker rate of \$550 is available and covers the entire conference.

Workshops

Tuesday 6th November, 2012

Three highly focused workshops are being offered preceding the main conference at a small additional cost.

The registration fee for the workshop includes 2 breaks and lunch. There is a discount for workshop registration for those who have registered for the full conference.

With full Conference Registration	Workshop Only
\$265	\$300

Registration is available on-line or by downloading a manual registration form at: www.unmannedsystems.ca

The Conference is run concurrently with the Trade Show and Exhibition. To find out details on how your company can exhibit or sponsor at Canada's largest UVS sector gathering, please see the Unmanned Systems Canada website: www.unmannedsystems.ca

Conference Registration includes all scheduled meals and social events. (See *Conference Details*) Book early and don't miss out.

Please Note that all prices are in Canadian dollars and do not include applicable taxes.

OTTAWA, ON. CANADA

Don't miss **Unmanned Systems Canada's 10th Annual Conference** as the unmanned vehicle systems community gathers in Canada to celebrate another year of exceptional progress and growth. Unmanned systems technology is quickly migrating from its initial military roots into the public and private sectors.

This year we are returning to Ottawa, the National Capital, and a brand new Ottawa Convention Centre.

The **Unmanned Systems Canada** conference is a truly international affair that is one of the largest gatherings of the unmanned systems community worldwide. We are continuing, by popular demand, to bring in key speakers from various resource, user and application sectors to address the plenary sessions.

At our past conferences, new and powerful ideas flourished as attendees from the Canadian government, military, academia, and industry, along with our many international friends, had the opportunity to meet, network and tell their stories. Numerous new partnerships have been launched in the halls and lounges of past meetings. This year will certainly stimulate even more innovation.

Don't be disappointed; register today as Unmanned Systems Canada returns to Ottawa, the National Capital to spread the word of **"Solutions for Emerging Markets"**.

To have your organization associated with this premier event, there are various **Exhibition and Sponsorship Opportunities** available at the Unmanned Systems Canada Web site: www.unmannedsystems.ca
